MEMORANDUM FOR: Director of Personnel

SUBJECT : Implementation of Study Group Suggestions

1. The following is in answer to your note of 23 February 1968 (received by me on 27 February 1968):

A copy of the Study Group report was sent to each field recruiter early this month. A follow-up memorandum, asking for their comments and recommendations on specific questions covered in the report, has also been sent to each recruiter. A copy of this memorandum is attached. The forthcoming replies from the recruiters are expected to provide the basis for general implementation of the recommendations contained in the report. As indicated, these matters will also be discussed fully during the Recruiters' Conference.

25X1 2. The primary determination which is needed at this time is to identify the institutions which will be visited on a regular basis. The attached memorandum asks each recruiter to submit his recommendations. In addition, I expect to receive in a day or two recommendations from [redacted] identifying schools and colleges which have been most productive for them. As indicated in paragraph 7 of the Report of Study Group on Recruitment, the Qualifications Analysis Branch also has data readily available for use in determining the most productive colleges and universities. I plan to utilize all of these above sources to determine which institutions should be visited regularly.
